# April Themed Homeschool Printables

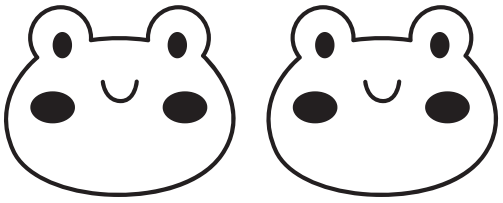

# Spring Counting

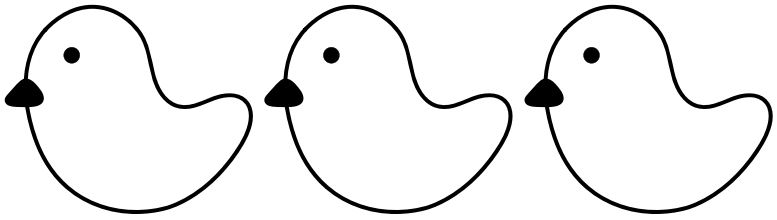

Count the spring items and write the number in the box.

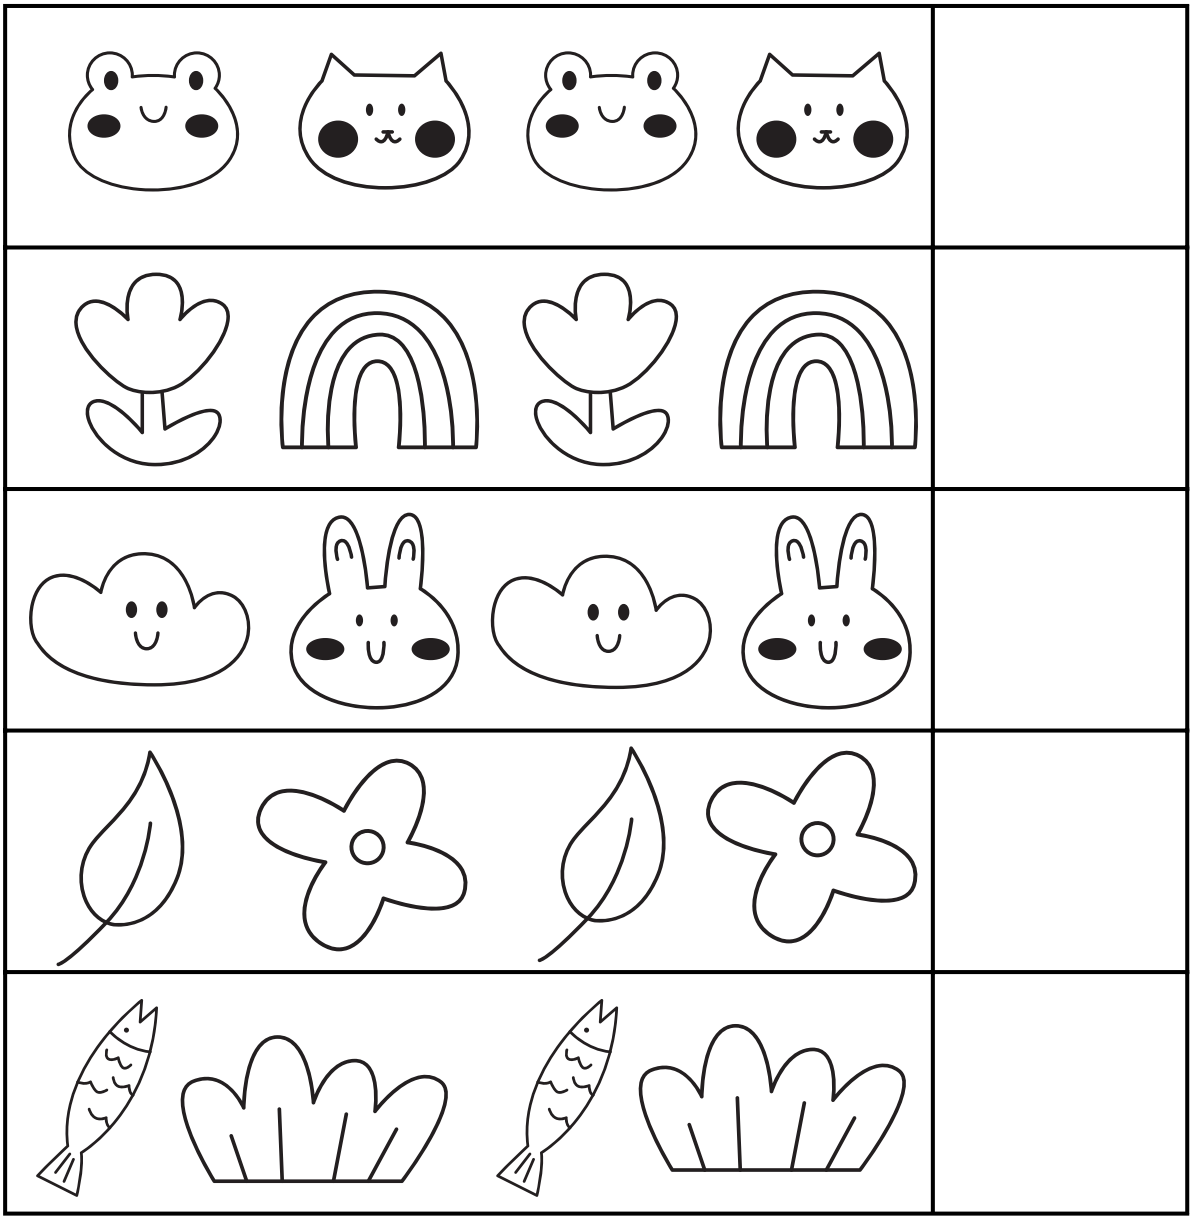

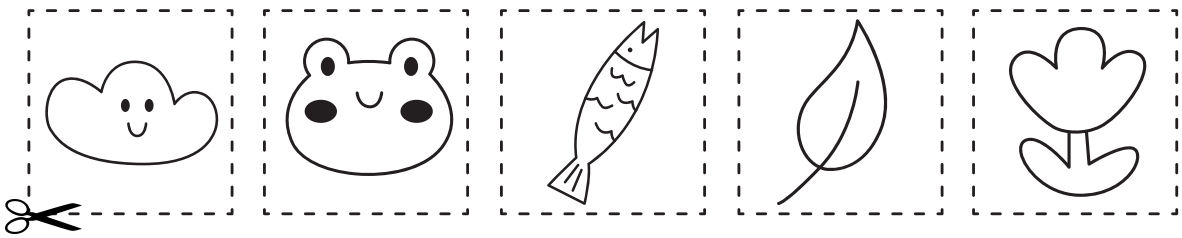

# Spring
# What Comes Next?

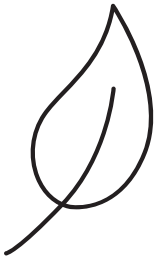

Color, cut & paste the spring AB Patterns below to complete the patterns on the left.

# Spring Spelling

Color and write the correct letter that has the beginning sound of each word.

_eaf

l e m

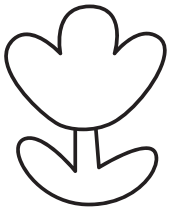

_loud

d g c

_unny

h b p

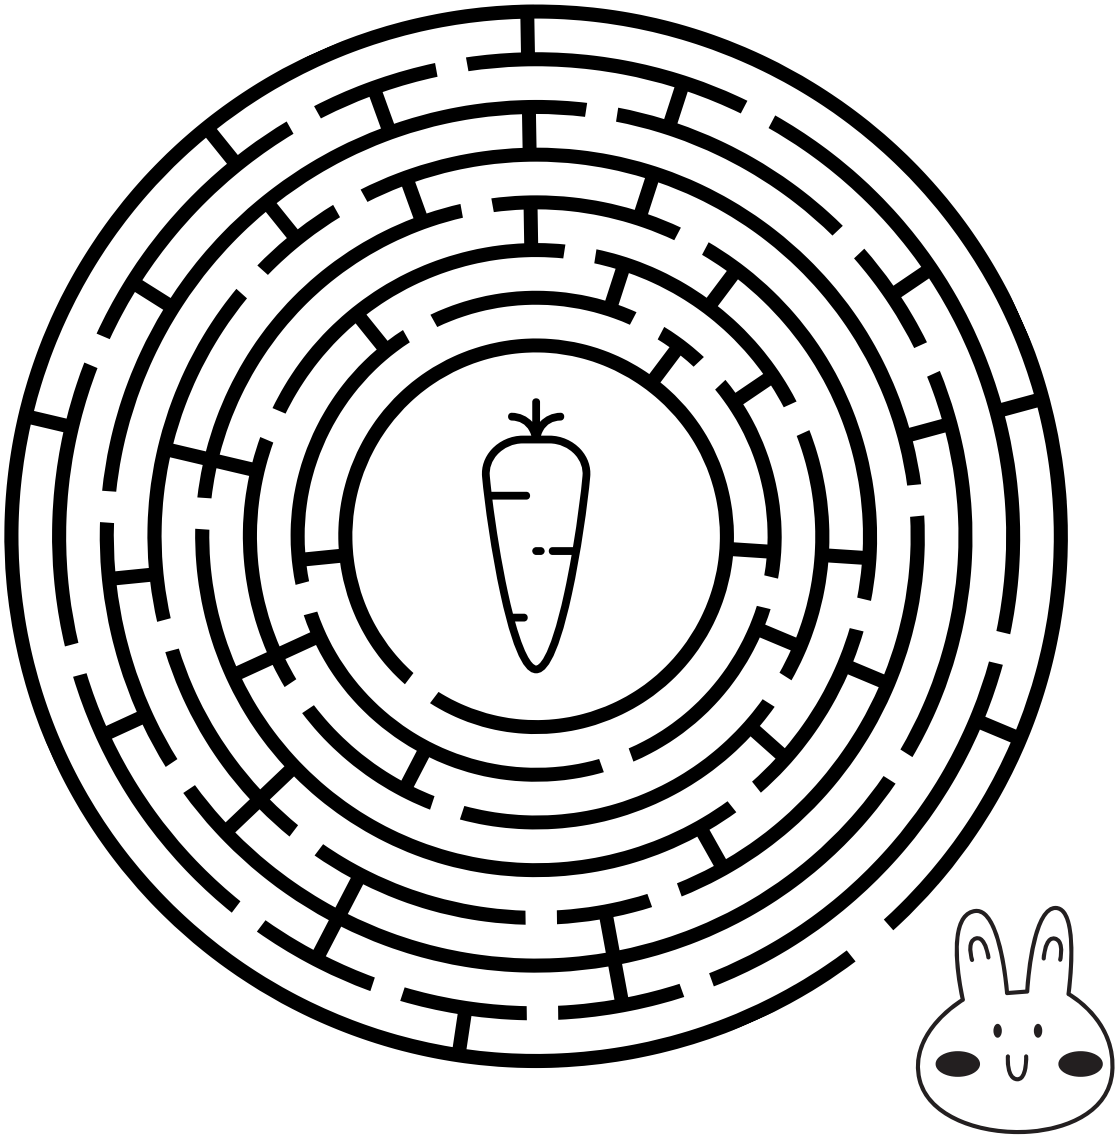

_ulip

t l s

# Spring Maze Puzzle

Help the bunny to find the way through to the carrot.

# Cycle of a Plant

Cut out the pictures below and paste them in the correct order to show the cycle of a plant.

First, a seed is planted in soil.

Next, the seed starts to grow and a sprout comes out of the soil.

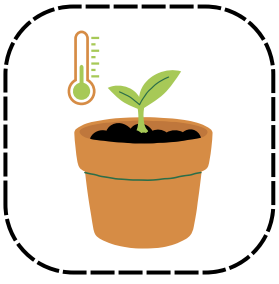

Then, the sprout grows into a plant with a flower on top.

Last, the flower turns into a fruit or seed pod that contains new seeds for new plants to grow.

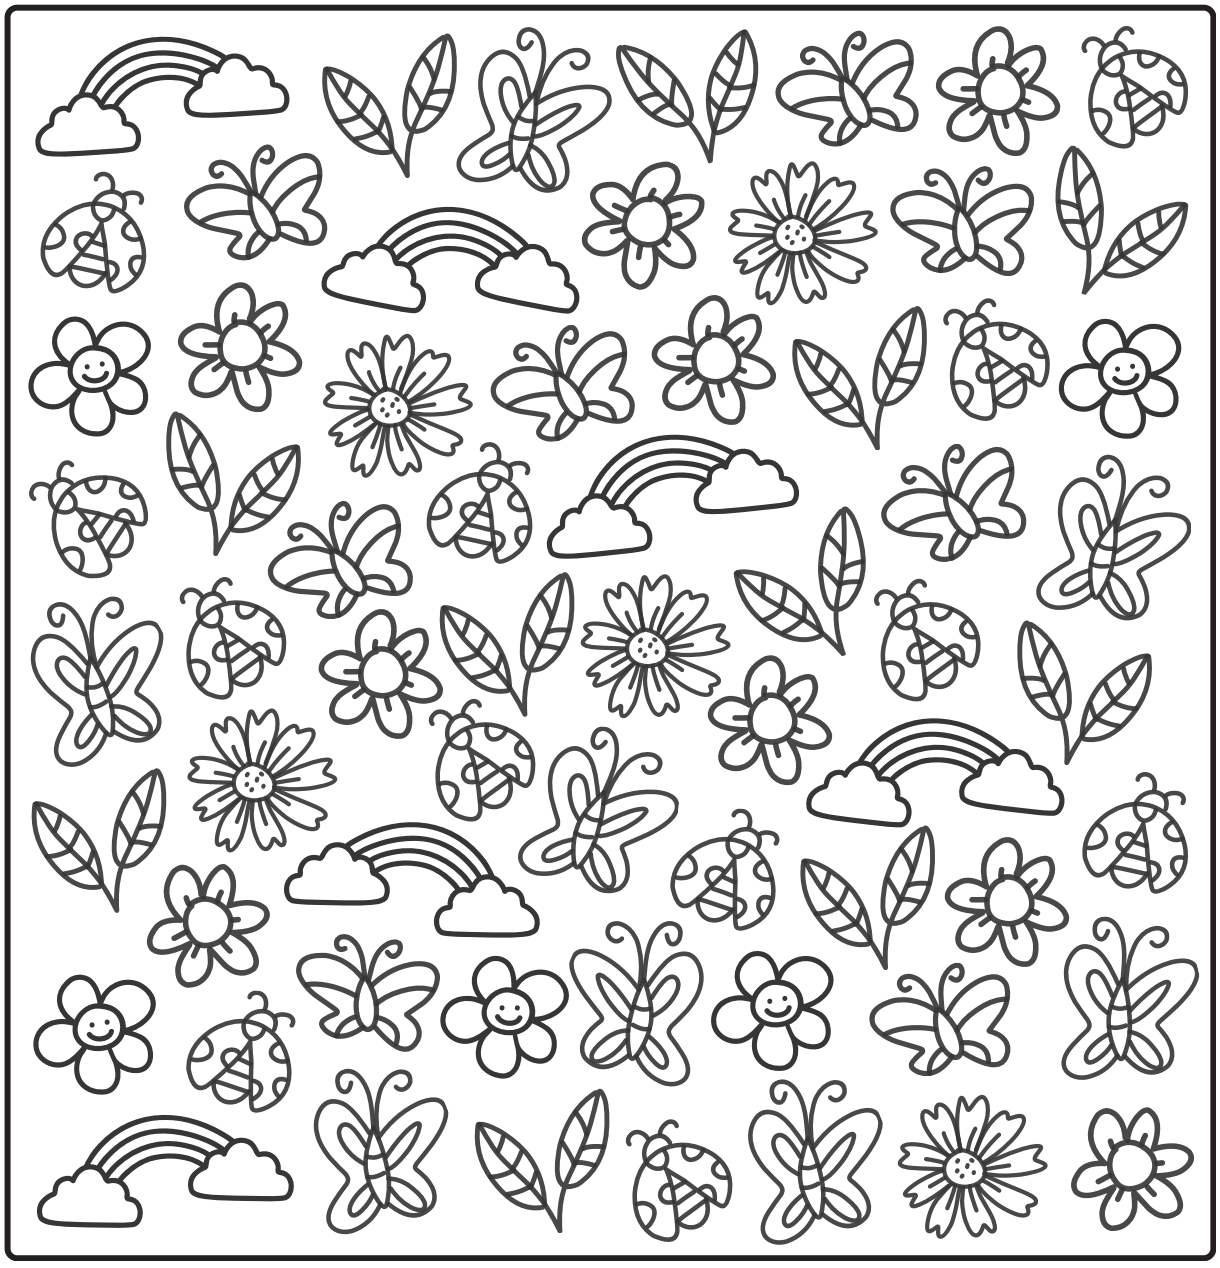

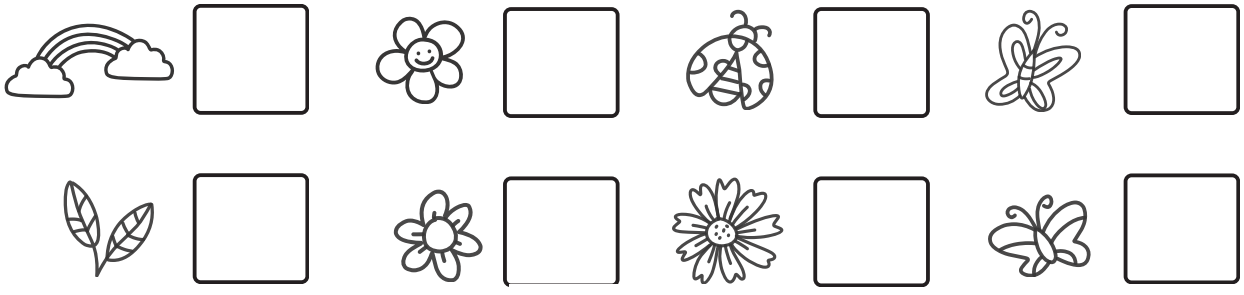

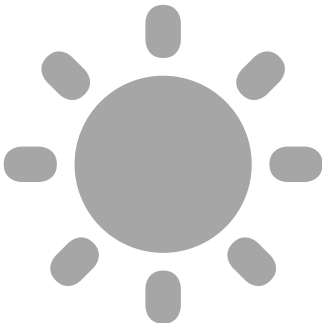

# Let's Count in Spring!

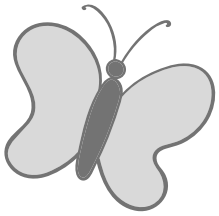

Color, count and write your answers in the chart below.

# SPRING

# Spring Reading

Look at the picture and read.
Are the sentences TRUE or FALSE?

It's spring today and Leo is very happy. He loves spring! He likes going to the park and playing football with his friends on sunny spring days. Leo is in the park today but he isn't playing football. He's reading a book about jungle animals, like elephants and tigers. His favorite animal is the giraffe. Leo doesn't like lions. He's scared of lions!

- Leo doesn't like spring. T F
- He likes football. T F
- His book is about butterflies. T F
- Leo likes giraffes. T F
- He loves lions. T F

**This is Luna, Leo's sister. Look at the picture and answer the questions.**

Is Luna happy?

Is she reading?

Is she painting?

Has she got blond hair?

Has she got dark hair?

# Spring Flowers

Flowers are beautiful and colorful plants that grow all around us. They come in different shapes, sizes, and colors, and can be found in gardens, parks, and even in the wild. Flowers have many important jobs in nature. One of their most important jobs is to attract pollinators such as bees, butterflies, and hummingbirds. These pollinators help flowers reproduce by carrying pollen from one flower to another. Flowers also have different meanings and are often used to express emotions. For example, red roses are a symbol of love and affection, while yellow flowers represent happiness and joy. If you want to enjoy flowers at home, you can grow them in a garden or in a pot. Some easy-to-grow flowers for beginners are marigolds, petunias, and sunflowers. Flowers need sunlight, water, and soil to grow and thrive.

- What are flowers?

_____

_____

- Why are flowers important in nature?

_____

_____

- What do red roses symbolize?

_____

_____

- What do flowers need to grow and thrive?

_____

_____

- What is the main idea of this passage?

_____

_____
